

e pos systems direct Ltd

Purpose Built for Retail Businesses

A fully integrated till and computer to help you run your retail business

- ☞ Bar Code Scanning
- ☞ Standard Till Functions
- ☞ Full garment sizing
- ☞ Stock Control
- ☞ Purchase Orders
- ☞ Sales Analysis
- ☞ VAT tracking
- ☞ Full Accounts System
- ☞ Multi-Save Discounts
- ☞ Cash/Credit Accounts
- ☞ Multiple Tills
- ☞ Automatic Backup

Works Like A Till, Thinks Like A Computer

As **simple to use as a till** the EPOS SYSTEMS DIRECT Retail System can be operated by any member of staff, yet behind the till front lies a computer system **giving you control** of your key business processes.

Stock, sales, **cash** in the till, money at the bank, **profit** margin, slow selling items, **customers**, credits, **bad debt**, returns, **price changes**, re-ordering, **suppliers**, staff commission, staff sales, **VAT**, discounts **and more ...**

You control them all at the touch of a button.

With the EPOS Systems Direct system you can

- ☞ Reduce Admin. Time
- ☞ Spot slow moving lines
- ☞ Manage your suppliers
- ☞ Track staff performance
- ☞ Increase Profits

Big Retailer Functions for Everyone

Proven by retailers throughout the UK the EPOS Systems Direct Retail Software provides you with the functions normally associated with the major multiples.

Take vouchers as part payment, offer **discounts on multi-buys**, deal with **trade and credit customers**, scan goods for **speed**. Issue **credit notes** and handle **returns**. **Control your stock** and raise **purchase orders**, and **track everything** through detailed **sales reports**.

With a **fully integrated accounts** system the task of "doing the books" is eased dramatically. You can reduce your accountancy fees yet control your finances more closely.

You can have **multiple tills**, and run your business either from the counter and a single till, or via a back office PC.

With an **automatic backup** your key business **data is kept safe**, giving you peace of mind.

Overall the system is designed to save you time, and help you **run a healthier, more profitable, business**.

Simple, Flexible and Reliable

Who's running your business?

With the EPOS Systems Direct Retail System you are. With a wide choice of functions you decide how to run your business, and the system supports your needs. You don't need to be a computer expert, and you aren't forced to work in one specific way.

As we build the machines ourselves we can control the quality, and support you over the long term. You are released to do what you do best – retail.
